ABOUT ZENTO

SHOWER ENCLOSURE

Shower Enclosure has become an integral part of the Modern Bathroom. Besides serving the functional purpose of separating wet & dry area it gives elegance and style to the Bathroom. It takes the aesthetic of the bathroom to the next level.

Shower Enclosure makes bathroom dry, hygienic and safe. Restricting the water inside the wet room only, shower enclosures keep the entire bathroom dry, thus making it bacteria free and hygienic. Shower Enclosures reduces the chances of slippery danger making a bathroom safe.

Space has become the most precious commodity in cities today and a shower enclosure helps save space. Modern Bathroom has 3 specific areas: Basin Area, Water closet area and Shower Area. A Corner standard size Shower Area like 0.9 x 0.9 m or 1m x 1m helps serve all the functional requirements of the bathroom.

With its functional benefits, shower enclosures have become a need of every bathroom today.

Tempered Glass With Easy Clean Feature

Glass is a major component in the shower enclosure. So utmost care should be taken while using Glass in the shower enclosure. Raw oat glass or heat treated glass should never be used in shower enclosure. Zento keeping safety on priority, uses highest quality of toughened or tempered glass - manufactured own fully automated state-of-the-art tempering unit, as per the European safety norms. These standards ensure that the glass passes through stringent quality checks ensuring consistency and safety, thus enhancing the life of the shower enclosures.

All the Shower Enclosures have special hydrophobic treatment on the inner surface of the glass. This treatment repels water, oil, soap and helps to keep the glass clean with minimum effort. It prevents bacterial growth, stops lime-scale build up and water spots on the glass.

Zento offers a variety of models with different glass options like: clear glass, extra clear glass, frosted glass and textured glass with a variety of patterns. These patterns add elegance to your bathroom décor and provides uniqueness to your enclosures
